2024 Presenters

Kirk DeHeer

With over 25 years of experience, Kirk has an extensive knowledge of woodturning tools, equipment and techniques. Kirk has been a resident instructor at Craft Supplies USA in the Dale L. Nish School of Woodturning for more than 15 years. Learn more about Kirk's [woodturning demos here](#) and for the latest news, follow him on Instagram [@kirkdeheer](#).

Steve Pritchard

Steve was born in a very small town in South Dakota in the late 40's and grew up on my parents' farm there. In 1970, I received a BS from South Dakota State University and moved to Texas to enter the Air Force pilot training program. After graduation, I became a T-38 pilot instructor and then an instructor at the instructor pilot training school in San Antonio, Texas. It was like flying a Ferrari! Since leaving the Air Force, I've held jobs in sales and teaching and in 1995 I moved to the Atlanta area to become the IT manager for the US District Court in Atlanta from which I retired in 2007.

Rebecca Kielpinski

I started woodturning in 2012 and after having one too many design suggestions for my Dad. He told me in the nicest way possible to do it myself. I've been hooked on woodturning ever since and became an active member in the Dakota Woodturners (DWT). To learn more about woodturning, I have gone to the AAW Symposium as well as the Rocky Mountain Symposium. I enjoy working on collaborative projects with my Dad and also investigating new projects for DWT and WIT events.
